Installing Huelight Camera Profiles

Huelight camera profiles have been designed for use with Adobe Camera Raw and the Adobe Lightroom.

The camera profiles are compatible with Photoshop CS6 (ACR 7) and CC (ACR 8,9,10 & 11) and Lightroom version 5,6 & CC.

Profile Installation

Extract the profiles from the .zip file and copy them to the applicable directory:

Mac OS X:

Macintosh HD/Users/Username/Library/Application Support/Adobe/CameraRaw/CameraProfiles

By default these may be hidden folders, you can access it from finder menu 'GO' holding down ALT (OPTION) key.

Windows:

C:\Users\ [Your Username] \AppData\Roaming\Adobe\CameraRaw\CameraProfiles

If you can't find these folders go to: Control Panel > Folder Options > View Tab > Select "Show hidden folders"

Contact

For news and notification of product updates please visit my site, I also welcome feedback on my profiles, and can be contacted at the email address below.
